Pharmacy landscape

- Broken System

Anachronistic, small business supply model does not meet basic service needs of the chronically ill today.

A person wearing a red sweater is seen from behind, looking out a large window. A bright sun flare is visible in the center of the window, creating a lens flare effect. The background outside the window shows a blurred cityscape.

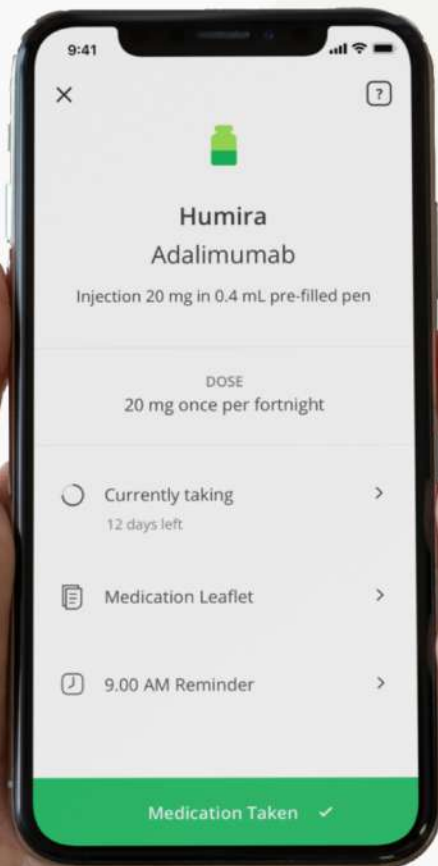

The future of pharmacy - Digital Rx (finally!)

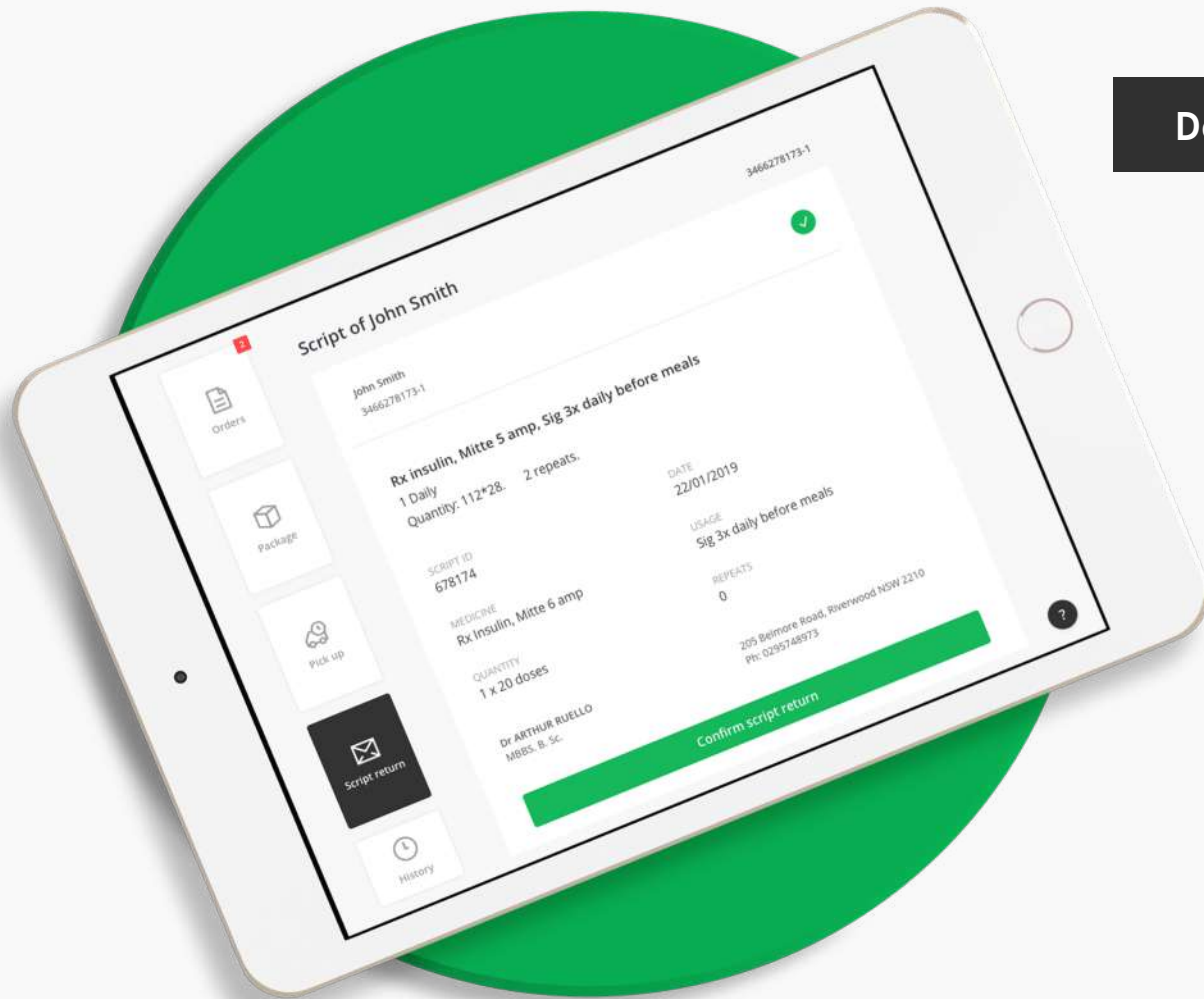

Enable Physicians to diagnose, Pharmacies to dispense, logistics carriers to fulfil and, patients to maintain pharmaceutical compliance.

Simple, effective, digital

Rosemary Patient app

Designed around core

health delivery
